

## **EMCEE INTRODUCTION**

- Magie's team will provide her introduction video prior to your event. This video is to be played before Magie goes on stage. For events that require Magie to present in Spanish, her introduction video is also available in Spanish.
- If your event's Emcee wishes to say a few words before Magie goes on stage, he or she are more than welcome to do so. We advise that they watch Magie's introduction video or read her bio to learn more about her.
- Please have your Emcee ask everyone to stand before bringing Magie on stage.
- If your event provides music playing capabilities (either before Magie goes on stage or after she finishes her talk), Magie would love to play her favorite stage song "A Sky Full of Stars" by Coldplay.
